Bee Diseases Insurance (BDI).

This insurance covers property destroyed under the Bee Diseases Control Order 2006 by an official Bee Inspector. A Member subscription (Class 1 to 3) automatically includes cover for up to 3 colonies.

Insurance is from 1st January to 31st December for premiums paid before 31st March. After that date cover will not commence until 40 days have elapsed from the payment.

ALL COLONIES MUST BE COVERED. Where at the time of an inspection by a Bee Inspector the number of colonies managed exceeds the number of colonies insured no cover will apply.

Any member wishing to keep hives at the Association Apiary must have full BDI cover for all stocks in his or her ownership.

Members who anticipate managing more than 3 colonies during the year should pay an additional premium as follows:-

Table with 2 columns: Total hives covered, Additional Premium. Rows show ranges from 5 to 39 hives with corresponding premiums from £2.00 to 50p.

Members with 40 or more hives should insure under a separate scheme (Scheme B)
